

## CANADIAN LIFT OF THE YEAR AWARDS CRITERIA

The Canadian Crane Rental Association (CCRA) recognizes excellence and innovation in the Canadian crane industry with the Canadian Lift of the Year Awards to be presented at the Closing Banquet at the 2024 Annual Conference.

Two lifting awards are to be presented:

- **CANADIAN LIFT OF THE YEAR, UNDER 20 TONNES** is open to entries completed by CCRA Crane Owner/Hirer Members for loads with a mass less than or equal to 20 tonnes and requires the detail outlined included in this document.
- **CANADIAN LIFT OF THE YEAR, OVER 20 TONNES** is open to entries completed by CCRA Crane Owner/Hirer Members for loads with a mass greater than 20 tonnes and requires the detail outlined included in this document.

A trophy is presented to the winner of each category. In cases where entries exhibit outstanding merit but are not judged winners of their category, the judging panel may, at its discretion, award merit certificates in each category.

Entrants are to ensure entries entered in these awards comply with all relevant crane standards and occupational health and safety regulations. Non-compliance will result in disqualification of the entry.

It is recommended that entrants use the point scoring for each category as outlined in the following pages as a basis for planning entry documentation and that actual documents from the lift are used for the entry. Videos can also supplement your application to assist the judges.
